Statewide Commodity Contract Officer

ORDERING INSTRUCTIONS

REAGENTS: Locate the items on the State of Virginia 2010 Price List, and **enter the purchase order into eVA.** Reagents must be ordered “by the kit”, not “by the test”.

CALIBRATORS/CONTROLS: Purchase Orders for Calibrators/Controls are not required because they are no cost. Call the Atlanta Customer Care (ACC) at 800-241-0420 and order these items at no cost, without any additional freight charges. The calibrators/controls (no charge items) should NOT be entered into eVA on a purchase order.

VIVA-JR, VIVA-E, V-TWIN CONSUMABLES: Call the Atlanta Customer Care (ACC) at 800-241-0420 and order these items at no cost, without any additional freight charges. Purchase Orders for Viva Consumables are not required because they are no cost. The Viva consumables (no charge items) should NOT be entered into eVA on a purchase order.

OLYMPUS CONSUMABLES: Use the Consumables Order Form to order the Olympus consumables. Email the Consumables Order Form to the Siemens sales representative listed on the next page. Purchase Orders for Consumables are not required because they are no cost. The consumables (no charge items) should NOT be entered into eVA on a purchase order.

ANALYZERS: Purchase Orders for Analyzers are not required because they are no cost. If a new analyzer is needed, contact Maureen Kelly, Siemens Sales Representative, to discuss placement of the analyzer - to determine the appropriate analyzer for the location, the anticipated volume, and usage.

Note: During the final renewal period of February 1, 2010 through January 31, 2011, **and throughout the six month extension period of February 1, 2011 through July 31, 2011**, Siemens reserves the right to evaluate on a case by case basis whether a new facility and/or analyzer may be added under the Contract, considering such criteria including but not limited to: remaining duration of this contract, anticipated reagent order volume during the remaining contract duration, potential for Siemens cost recovery for new/upgraded equipment during the remaining contract duration, etc.

IMPORTANT! The state contract number and Siemens part number must be shown on each eVA purchase order line item and copy, each facsimile transmission or given verbally when telephonic orders are placed.

1. Purchase orders: Unless otherwise instructed by the Division of Purchases and Supply, all departments, institutions and agencies of the Commonwealth of Virginia will order items/services through eVA. If this contract is authorized for use by localities, Virginia cities, counties, towns and political subdivisions, orders will be placed through eVA to the maximum extent possible. The orders will be governed by this agreement and the terms and conditions contained in the separate agreement for participation in eVA executed by the contractor.
2. Complaints: Any complaint as to quality, faulty or delinquent delivery, or violation of contract provisions by contractor shall be reported to the Division of Purchases and Supply for handling with the contractor. Preprinted forms (DGS-41-024), by which to facilitate the notification of the contractor and this office of complaints, are available from the Division of Purchases and Supply.

3. Transportation and Packaging: Except as otherwise specified herein, standard commercial packaging, packing and shipping containers shall be used. All shipping containers shall be legibly marked or labeled on the outside with purchase order number, commodity description, and quantity.
4. Inspection and Invoices: Inspection on delivery and approval of vendor's invoice is the responsibility of receiving state agency, Virginia city, county, town or political subdivision.
5. Renewals. No renewal periods remain on this contract.
6. Price Increases: IMPORTANT! All price increases and changes to the Siemens price lists must be approved in advance by the DPS contract officer. Contract users will be sent a Notice of Contract Change from this office as official notification of such changes, if approved.
7. Change 5, March 30, 2010: A 3% price increase is granted, effective 3/30/10, according to the original terms and conditions of the contract. The price schedules below have been modified to reflect this increase.
8. Change 6, May 12, 2010: The contract is hereby extended by mutual agreement for one (1) six-month period from February 1, 2011 through July 31, 2011 at the same prices, terms and conditions.

Contractor's Information

Mobile: 571-214-4897
Email: maureen.kelly@siemens.com

SCOPE: THE INTENT AND PURPOSE OF THIS AGREEMENT IS TO ESTABLISH A FIVE YEAR FULL SERVICE CONTRACT, FOR SUBSTANCE ABUSE, DRUG TESTING, REAGENTS, TRAINING, TECHNICAL SUPPORT, EQUIPMENT AND ALL REQUIRED MAINTENANCE.

THE ONLY CHARGES ASSOCIATED WITH THIS CONTRACT ARE CHARGES FOR THE "DRUG TESTING REAGENTS KITS" USED IN THE TESTING EQUIPMENT FROM SIEMENS HEALTHCARE DIAGNOSTICS, INC.

Commonwealth of Virginia
Department of General Services
Contract No. 26936
February 1, 2006

Note: Effective January 1, 2008, Dade Behring, Inc. merged with Siemens Medical Solutions Diagnostics and has changed its name to Siemens Healthcare Diagnostics, Inc. All references to Dade Behring in this document have been changed to Siemens Healthcare Diagnostics

1. Siemens Healthcare Diagnostics, Inc. (hereafter known as Siemens) shall provide, in accordance with the Contract No. 26936-09 the following types of analyzers (all of the below listed types of equipment provided under the Contract are collectively referred to as "analyzers").
 - a. deleted.
 - b. Viva-Junior- the Junior processes approximately 80 tests per hour, and holds up to 25 samples per run. The agency only purchases the EMIT ® reagents from Siemens for the analyzer. All calibrators, controls, and consumables for the Viva-Junior are included at no additional charge to the state agency. A complete list of part numbers and pricing for the Viva-Junior reagents can be found enclosed.
 - c. Viva-E Analyzer-The Viva-E Analyzer is a tabletop analyzer that processes approximately 133 tests per hour. The agency only purchases the EMIT ® reagents from Siemens for the analyzer. All calibrators, controls, and consumables for the Viva-E are included at no additional charge to the state agency. A complete list of part numbers and pricing for the Viva-E reagents can be found enclosed.
 - d. V-Twin Analyzer-The V-Twin Analyzer is a floor analyzer that processes approximately 260 tests per hour. The agency only purchases the EMIT ® reagents from Siemens for the analyzer. All calibrators, controls, and consumables for the V-Twin are included at no additional charge to the state agency. A complete list of part numbers and pricing for the V-Twin reagents can be found enclosed.
 - e. Olympus 400 Analyzer- the Olympus Analyzer is a floor analyzer that processes approximately 400 tests per hour. The agency only purchases the EMIT ® reagents from Siemens for the analyzer. All calibrators, controls, and consumables for the Olympus 400 are included at no additional charge to the state agency. A complete list of part numbers and pricing for the Olympus 400 can be found enclosed.
2. Siemens shall provide, without additional charge to the State, all of the following services for the Analyzers:
 - a. Viva-Junior, Viva-E, V-Twin: For each analyzer placed, Siemens will provide one Annual Preventive Maintenance visit at no additional charge. A Siemens Service Engineer will contact each location and make an appointment in order to do the Preventive Maintenance. In

addition, Siemens will provide basic Monday through Friday basic service for the , Viva-Junior, Viva-E, and V-Twin analyzer. If the analyzer needs any type of service, repair, or parts during the year, Siemens will either dispatch a Service Engineer or Application Specialist to the facility to repair the analyzer at no additional charge. In addition, Siemens does have available a 24 hour hotline for all Technical Service, at no additional charge.

- b. Olympus 400-For each Olympus 400 Analyzer placed, Siemens will provide 2 Annual Preventive Maintenance visits at no additional charge. An Olympus Service Engineer will contact the location and make an appointment to do the Preventive Maintenance. Siemens and Olympus will provide Monday through Friday basic service for the Olympus 400. If the analyzer needs any type of service, repair, or parts during the year, Siemens will either dispatch an Olympus Service Engineer or Siemens Application Specialist to the facility to repair the analyzer at no additional charge.
3. Siemens will provide, without charge to the State, the following training:
 - a. Viva-Junior- Siemens will provide any additional training for the Viva-Junior Analyzer at no additional cost at the customer's location.
 - b. Viva-E –Siemens will provide (1) training slot per analyzer placed at the Siemens training facility located in Newark, Delaware. The class is a 3 ½ day class, and Siemens will provide all meals and lodging at no additional cost. If any location needs additional staff trained, Siemens will dispatch an Application Specialist on-site to the customer's location for training.
 - c. V-Twin- Siemens will provide (1) training slot per analyzer placed at the Siemens training facility located in Newark, Delaware. The class is a 3 ½ day class, and Siemens will provide all meals and lodging at no additional cost. If any location needs additional staff trained, Siemens will dispatch an Application Specialist on-site to the customer's location for training.
 - d. Olympus 400 –Siemens will provide (2) training slots per analyzer placed at the Olympus training facility in Dallas, Texas. All airfare, meals, and lodging will be provided at no additional charge. The class is 1 week.
 4. Siemens will provide, with no additional charge, the following Data Management Systems with the analyzers:
 - a. EDMS Data Management- The current existing ETS customers within the state of Virginia who have an existing ETS analyzer, also have the EDMS Data Management System. This EDMS is linked directly to the ETS in order to capture various data from the ETS System. The EDMS will print a variety of individual and statistical reports for drug testing information.
 - b. Wintox Data Management-The newer Viva-E, V-twin, and Olympus analyzers will have the Wintox Data Management System placed with these analyzers.
 5.
 - a. **Customer's Responsibilities:** (a) YOU AGREE NOT TO SELL, TRANSFER, LEASE OR DISPOSE OF THE EQUIPMENT OR TO PERMIT ANY OTHER PERSON TO HAVE ANY INTEREST IN IT. You shall keep the Equipment free of all liens and encumbrances. You shall not move the Equipment from the Equipment location without our prior written consent. (b.) You agree that you will use the Equipment solely for your business purposes in the manner for which it was intended. (c) You shall keep the Equipment in good repair, condition and working order, ordinary wear and tear excepted. You shall perform all maintenance requirements described in the manuals provided by the manufacturer and keep the Equipment safe from hazards. All replacement parts and attachments shall become part of the Equipment. (d) You shall maintain primary insurance on the Equipment upon delivery at your own cost either with a commercial insurance company acceptable to Dade Behring or through self-insurance. (e) You shall give us reasonable access to inspect the Equipment.
 - b. **Title:** Siemens will retain title to the Equipment. You agree to clearly indicate that the

Equipment is the sole property of Siemens. You also agree that Siemens may file a UCC financing statement or any other document or instrument required by law, to give public notice of Siemens' interest in the equipment.

- c. Siemens warrants that the Consumables are free from defects in material and workmanship and conform to the labeling claims which accompany them. Siemens promises that if you use the Equipment as would be normally expected, and it fails to meet the claims made for it in its labeling, Siemens will repair or replace the Equipment in accordance with the service arrangement set forth in this Agreement. Siemens also promises that the use of the Equipment and the Consumables in the form delivered to you and in accordance with their instructions will not infringe the U.S. patent of any third party. This promise does not cover the use of the Equipment or Consumables in combination with any other product or equipment. Siemens Equipment and Consumables are designed and certified with applicable regulatory authorities as an integrated instrument/reagent/consumable system. Use of unapproved parts or consumables with your Siemens Equipment and Consumables will void any warranty and any service contract you may have with Siemens. Siemens is not required to add any design, engineering, or performance change or development into the Equipment after it is delivered to you. In no event will Siemens' obligations herein require it to pay more than the aggregate purchase price of the Consumables you have purchased during the term of this Agreement. Siemens MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY AS TO DESIGN, MERCHANTABILITY, OR FITNESS OR ANY PURPOSE IN CONNECTION WITH THE EQUIPMENT OR CONSUMABLES. You will not make any claim against Siemens or its Assignee for any special consequential or incidental damages, and no assignee of Siemens will be responsible to you for any problem or claim in connection with a) the use, operation or performance of the Equipment; b) any interruption of service, loss of business or anticipated profits; or c) the delivery, servicing, maintenance, repair or replacement of the Equipment. No oral or written promises as to the Equipment or Consumables which conflict with the statements in this Paragraph will bind Siemens unless signed by an authorized representative of the party to be bound.

New Contract Provision:

During the final renewal period of February 1, 2010 through January 31, 2011, **and throughout the six month extension period of February 1, 2011 through July 31, 2011**, Siemens reserves the right to evaluate on a case by case basis whether a new facility and/or analyzer may be added under the Contract, considering such criteria including but not limited to: remaining duration of this contract, anticipated reagent order volume during the remaining contract duration, potential for Siemens cost recovery for new/upgraded equipment during the remaining contract duration, etc.

Emit II Calibrators/Controls (to order call Atlanta Customer Care)

Catalog Number	Product/Packaging	Price
9A509	Emit Calibrator/Control Level 0	Included
9A529	Emit Calibrator/Control Level 1	Included
9A549	Emit Calibrator/Control Level 2	Included
9A569	Emit Calibrator/Control Level 3	Included
9A589	Emit Calibrator/Control Level 4	Included
9A609	Emit Calibrator/Control Level 5	Included
9K029	Calibrator Alcohol Negative	Included
9K049	Control Alcohol, Low	Included
9K059	Calibrator Alcohol 100	Included
9K079	Control Alcohol, High	Included
3T159UL	Creatinine Validity Calibrator 400	Included
3T139UL	Creatinine Validity Calibrator 20	Included
3T249UL	Creatinine Validity Calibrator 2	Included
3T149UL	Creatinine Validity Calibrator 100	Included
9X549UL	Emit II Plus Ecstasy Calibrator/Control Level 2 Kit	Included
9X589UL	Emit II Plus Ecstasy Calibrator/Control Level 4 Kit	Included
9X569UL	Emit II Plus Ecstasy Calibrator/Control Level 3 Kit	Included
9X529UL	Emit II Plus Ecstasy Calibrator/Control Level 1 Kit	Included
3T299UL	Oxidant Validity Calibrator/Control	Included
3T629UL	Syva Specific Gravity Validity Calibrator 1.020	Included
3T619UL	Syva Specific Gravity Validity Calibrator 1.003	Included
3T459UL	Syva pH Validity Calibrator 11.0	Included
3T479UL	Syva pH Validity Calibrator 12.0	Included
3T399UL	Syva pH Validity Calibrator 3.0	Included
3T489UL	Syva pH Validity Calibrator 9.0	Included
3T499UL	Syva pH Validity Calibrator 4.5	Included
3T389UL	Syva pH Validity Calibrator 2.0	Included
9L009UL	LSD Calibrator 0, 10 mL	Included
9L109UL	LSD Calibrator 0.5, 10 mL	Included

9L209UL	LSD Calibrator 1.5, 10 mL	Included
9L309UL	LSD Calibrator 2.5, 10 mL	Included
9L419UL	LSD Control Level I, 25 mL	Included
9L519UL	LSD Control Level II, 25 mL	Included
3T309UL	Nitrite Validity Calibrator 500	Included
3T329UL	Nitrite Validity Calibrator 200	Included
3T179UL	Nitrite Validity Calibrator 1,000	Included
3T339UL	Chromium (VI) Validity Calibrator 50 - Discontinued	Discontinued
3T349UL	Chromium (VI) Validity Calibrator/Control - Discontinued	Discontinued
3T129UL	Validity Negative Calibrator/Control	Included
7C219UL	Emit tox Tricyclics Calibrator Kit	Included
17010	UTAK Control Level 1 Kit 25 mL	Included
17011	UTAK Control Level 2 Kit 25 mL	Included
17012	UTAK Control Level 3 Kit 25 mL	Included
17013	UTAK Control Level 4 Kit 25 mL	Included
17014	UTAK Control Level 5 Kit 25 mL	Included
Consumables (Use Consumables Order Form to Order)		
Catalog Number	Product/Packaging	Price
55.525	13 x 75 Polypropylene Tubes (500 per pak)	Included
7668	Sodium Hypochlorite Solution Use Order Form	Included
5621-2	0.1 N HCL Use Order Form	Included
5636-2	0.1 N NaOH Use Order Form	Included
3203-063	System Solution Use Order Form	Included
3066-151	Teflon Tip, 100 uL Use Order Form	Included
3066-152	Teflon Tip, 1 mL Use Order Form	Included
3066-083	Water Filter Use Order Form	Included
3064-041	Mixer Belt Use Order Form	Included
14-19748-01	Reagent Vial Stoppers (250 per pkg.) Discontinued ETS Only	Discontinued
22-19427-01	Sample Cups, 1000 per pkg. Discontinued ETS Only	Discontinued
357524	Pipette 1.5ml (500 per pak) - Not available after 01/05	Discontinued

Consumables Order Form for Olympus Drug Testing Analyzer Virginia Contract #26936

Please fill out the information below and check the consumable items you need to order. Once the form is filled out please save it and email it to Maureen.Kelly@Siemens.com and I will place the order for you. If you have any questions please call me at (571) 214-4897.
