

INSTRUCTIONS

1. Contractors agree to extend pricing on cylinder rental rates past the end of the contract until such time as all remaining tanks are removed from the premises and a final inventory is conducted and agreed upon by both parties.
2. **CHANGE OUT:** Paragraph 1 above is included in the previous contract and applies to all contractors of the current contract. Upon award, all new orders will be placed with the newly awarded contract vendors as currently held supplies are used up.
3. The awarded contractor if other than the current contractor will provide at a minimum, tank facilities equivalent to the existing tank facilities. All external fittings and pipes that are attached to the present tanks should be refitted to new tanks without any expense to the end user. Piping and tubing will conform to the requirements of the American Standard Code for pressure piping (AA-B-31-1) Service will not be interrupted during the installation of the firm's tank facilities.
4. **CYLINDER LOAN:** Unless otherwise purchased, cylinders shall remain the property of the Contractor.
 - A. Gas cylinders for laboratory, medical or welding use shall remain the property of the Contractor.
 - B. Cylinders owned by the contractor will be the responsibility of the contractor to maintain in safe working condition in accordance with the Industry/State/Federal standards and regulations
 - C. There are no free loan days. Rental rates are based on number of cylinders on hand at end of month.
 - D. Agency will pay Contractor for cylinders lost or damaged except as otherwise noted herein not to exceed the amount listed on bid sheet. Replacement price shall not exceed the normal wholesale price for replacement cylinders.
5. The applicable contract number and item number (for itemized contracts) must be shown on each purchase order.
6. Any complaint as to quality, faulty or delinquent delivery, or violation of contract provisions by contractor shall be reported to the Division of Purchases and Supply for handling with the contractor. Vendor/Procurement Complaint Form (DGS-41-024 rev.), by which to facilitate the notification of the contractor and this office of complaints, is available on the eva.virginia.gov website at the **BUYER** tab.
7. Inspection on delivery and approval of vendor's invoice is the responsibility of receiving state agency, Virginia city, county, town or political subdivision.
8. **NOTICE:** Any State Agency or Public Body may purchase welding gases in their zone. Your Agency must be listed under a particular zone in order to purchase medical, laboratory, or protocol gases.
9. The addition or deletion of authorized users not specifically named in the solicitation shall be made only by written contract modification issued by this agency or institution and upon mutual agreement of the contractor. Such modification shall name the specific agency added or deleted and the effective date. The Contractor shall not honor an order citing the resulting contract unless the ordering entity has been added by written contract modification.
10. **Renewals.** Four (4), one year renewal options remain. The decision as to whether to exercise the next renewal option will be made by the contract officer approximately four to six months in advance of the expiration date of the current term.
11. **PRICE ESCALATION/DEESCALATION:** No price increases will be authorized for 180 calendar days after the effective date of the contract. Price escalation may be permitted only at the end of this period and each 90 days thereafter and only where verified to the satisfaction of the purchasing office.

The purchasing office will notify the using agencies and Contractor in writing of the effective date of any increase which it approves. However, the Contractor shall fill all purchase orders received prior to the effective date of the price adjustment at the old contract prices. "Across the board" price decreases are subject to implementation at any time and shall be immediately conveyed to the Commonwealth. The Contractor is further advised that decreases which affect the cost of materials are required to be communicated immediately to the purchasing office.

12. **TRANSPORTATION CHARGE (FUEL) Price Escalation Deescalation:** The Pricing Schedule contains a Line at the end of each Zone and/or Lot within a zone for Transportation Charge (fuel surcharge) per delivery. This cost may be added to each delivery made to an end user.

For the reported diesel fuel pricing information, please see the U.S. Department of Energy's National U.S. Average On Highway Diesel Fuel Prices, which is available in PDF format. To view this file, you will need the Adobe Reader or plug-in.

http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_a_epd2d_pte_cpgal_m.htm

At the site for **PRODUCT** choose Diesel: All types. For **PERIOD** choose Monthly. The Commonwealth will use Lower Atlantic (PADD 1C) as the index area for this contract.

After the contract has been in effect for 60 days the Contractor will be allowed to adjust the transportation charge monthly by the percentage change in the chart. All decreases in the diesel fuel index which affect the cost of diesel shall be given to the end user. **The Contractor shall provide written (email, fax, or letter) documentation to the Contracting Officer and each affected End User each month a change is incorporated which will verify that the fuel surcharge increase/decrease for the month is based on the actual increase/decrease from the bid base price.** Adjustments shall be shown as \$ (currency) adjustment based on the percentage increase/decrease.

Contractor's changes to the surcharge will be effective on the first Monday of each month and will take into consideration the lag in the reporting. For example the surcharge for January 2008 is based on the November 2007 National U.S. Average On Highway Diesel Fuel Price.

Definition of On-Highway Diesel: Includes sales for use in motor vehicles. For purposes of this survey, it is designed to estimate the retail cash price of self-serve, motor vehicle diesel fuel. Price Adjustments Fuel increases for which the end user and the Contract Officer have not been notified will not be paid.

13. **MINIMUM ORDERS:** Minimum orders will be \$100 for F.O.B. delivery to ordering agency within the Commonwealth of Virginia. For orders of less than \$100 the Contractor will be permitted to add actual transportation cost (prepaid) to invoice for payment, or the agency may purchase such orders off contract from other sources. Partial shipments of less than the minimum order value which are made at the option of the Contractor shall be made F.O.B. Destination with no transportation charges added. If at the agency's request shipments are below the minimum order value, the Contractor may add actual transportation cost to invoice for payment.
Zone 98 Lot B, C, and D VCU Academic and Medical Center campuses shall be exempt from this section.

14. **ANNUAL INVENTORY REPORT:** The contractor shall take a cylinder inventory at the end of the contract year and furnish the end users and the contract officer with the inventory report.

15. **NON-GAS ITEMS** such as carts, valves, regulators, etc. are not covered by this contract.

16. **INSPECTIONS FEES AND HAZARDOUS MATERIAL HANDLING FEES:** Inspection fees, for vessels, such

as those mandated by State and Federal Guidelines should be included in rental fees and shall **not** be passed on to the customers. Hazardous Material Handlings fees shall **not** be charged in addition to the rental fees.

- 17. MATERIAL SAFETY DATA SHEETS:** Material Safety Data Sheets and descriptive literature shall be readily available through such sources as the bidder's website or provided upon request by the end user
- 18. ORDER PLACEMENT/METHOD:** **ORDER PLACEMENT:** To the maximum extent possible, purchase orders shall be submitted to the contractor via the Commonwealth of Virginia's electronic procurement system, also known as eVA. The orders will be governed by this agreement and the terms and conditions contained in the separate agreement for participation in eVA executed by the contractor. **ORDERING METHODS:** The Commonwealth requires Contractor(s) to accept orders via the eVA ordering system. Contractors must also have a local Virginia telephone number, or a toll free (800) number, or agree to accept collect calls. Each Contract User is responsible for placing its own orders through eVA or suppliers' computer online system that interfaces with eVA.
- 19. DELIVERY REQUIREMENT:**
- A. Normal deliveries shall be as directed and mutually agreed with the agency and may be required twice per week for the larger users. Some agencies may require deliveries every two days and may also require inside delivery to several locations.
 - B. Emergency deliveries shall be made within 18 hours of agency notice; except as otherwise noted in Paragraph D **Department of Forensic Science & E Zone 98 Lot B & Lot C VCU Academic and Medical Center Requirements in the original solicitation**
 - C. The contractor will be responsible for refilling any agency/institution owned cylinder/tank and notifying the end user within 24 hours should any malfunction be observed.
- 20. Mandatory Acceptance of Small Purchase Charge Card:** Purchasing charge cards offer State agencies and Institutions the opportunity to streamline their procedures for procuring and paying for small dollar goods and services. Vendors responding to this solicitation should note that acceptance of payment by purchase card is **mandatory (unless waived by DPS) within 90 days of contract award.** For current contracts where acceptance of the purchasing card is not in effect, **Contractors must (unless waived by DPS) accept purchase card payments within 90 days of contract renewal.**

Payment for orders issued against the contract(s) resulting from this solicitation must allow for the Purchase Order Number to be passed at the time of charge so that the Purchase Order Number is received by the card platform and passed to the Card provider. This can be accomplished by vendors establishing their card account at **Level 2, which is mandatory or Level 3 which is optional.** Information on the various levels for the GE MasterCard is indicated below.

Charge Card Levels:

The amount of data passed for each charge card payment depends on the level at which the charge card is established. The levels are delineated below and the preferred level by the Commonwealth is level 2.

Level 1 vendors provide basic credit card purchase information, including but not limited to the data listed below. By passing "Basic Data", the vendor has a standard interchange cost.

- Supplier Name
- Merchant Category Code
- Date
- Total Purchase Amount

Level 2 vendors provide additional information to the Level 1 elements, including, but not limited to the data listed below. By passing level 2 detail, the vendor will receive lower interchange costs. Level 2 is **mandatory** for any vendors who do business with the Commonwealth of Virginia and accept GE MasterCard.

- Customer Code (PCO Number from eVA)
- Vendor Tax ID

Level 3 vendors provide line item detail, in addition to the Level 1 and Level 2 elements, including, but not limited to the data listed below. By passing Level 3 (**which is optional**) data which is considered Superior data, the vendor will receive the lowest interchange costs.

- Item Description
- Item Quantity
- Item Unit of Measure
- Product Code
- Freight Amount
- Extended line Item Amount
