

INSTRUCTIONS

1. ORDERS:

- A. Unless otherwise instructed by the Division of Purchases and Supply, all departments, institutions and agencies of the Commonwealth of Virginia will order items/services through eVA.
- B. If this contract is authorized for use by localities, Virginia cities, counties, towns and political subdivisions, orders will be placed through eVA to the maximum extent possible.

2. The applicable contract number, federal employer identification number (FEI), and item number (for itemized contracts) must be shown on each purchase order and copy, each facsimile transmission or given verbally when telephonic orders are placed.

3. Inspection on delivery and approval of vendor's invoice is the responsibility of receiving state agency, Virginia city, county, town or political subdivision.

4. Any complaint as to quality, faulty or delinquent delivery, or violation of contract provisions by contractor shall be reported to the Division of Purchases and Supply for handling with the contractor. Preprinted forms (DGS-41-024), by which to facilitate the notification of the contractor and this office of complaints, are available from the Division of Purchases and Supply (786-4634). The electronic version may be downloaded from the internet at the following link:

http://159.169.222.241/eo51_files/ComplaintA-10H.doc.

5. Renewals. **No renewals remain.**

6. Price Adjustments. During the current term of the contract, price escalation may be allowed every 365 days, if justified. The contract officer makes the decision to allow or deny a request for increase based upon the documentation submitted by the contractor. The contractor is required to pass on any price reductions immediately. **IMPORTANT!** All price increases must be approved by the contract officer. Contract users will be sent a Notice of Contract Change from this office as official notification of such changes, if approved.

Terms And Conditions

RENEWAL OF CONTRACT: This contract may be renewed by the Commonwealth upon written agreement of both parties for four successive one year periods, under the terms of the current contract, and at a reasonable time (approximately 90 days) prior to the expiration.

WARRANTY: All materials and equipment shall be fully guaranteed against defects in material and workmanship for a period of one year following date of delivery. Should any defect be noted by the owner, the Purchasing Office will notify the contractor of such defect or non-conformance. Notification will state either (1) that the contractor shall replace or correct, or (2) the owner does not require replacement or correction, but an equitable adjustment to the contract price will be negotiated. If the contractor is required to correct or replace, it shall be at no cost to the Commonwealth and shall be subject to all provisions of this clause to the same extent as materials initially delivered. If the contractor fails or refuses to replace or correct the deficiency, the office issuing the purchase order may have the materials corrected or replaced with similar items and charge the contractor the costs occasioned thereby or obtain an equitable adjustment in the contract price.

ASSIGNMENT OF CONTRACT: A contract shall not be assignable by the contractor in whole or in part without the written consent of the Commonwealth.

DELIVERY: 14 days; 1st order – delivery within 14 days. Subsequent orders, 14-30 days after receiving complete order. Free on Board: FOB Destination-Freight Prepaid.

HEARTSTART FR2+ END-OF-LIFE BULLETIN

Philips Healthcare is announcing that, as of May 18, 2009, orders for the HeartStart FR2+ (M3860A, M3861A, M3840A, and M3841A) automated external defibrillator (AED) will no longer be accepted. After nine years on the market, the FR2+ is being discontinued.

Philips will continue to honor the standard five-year warranty for all currently installed FR2+ AEDs, as well as the optional two-year warranty extension available in the United States. Supplies, training accessories, and technical support for the FR2+ will continue to be available.

For customers who require ECG display voice recording, extended ECG recording, manual override, or three-lead ECG, Philips is actively investigating the feasibility of offering refurbished HeartStart FR2+ devices. For those customers who do not need these features, Philips suggests consideration of the HeartStart FRx AED.

The FRx offers many of the same outstanding features as the FR2+, such as the same consistent, reassuring "voice" customers are already used to; the same pads hand-off capability to arriving EMS, daily self-testing, and compatibility with Philips data management software. In addition, the FRx offers many benefits not shared by the FR2+. Compared to the FR2+, the FRx is:

- Less expensive to own in most environments
 - lower five-year cost of ownership
 - same pads for both adult and pediatric defibrillation
- Easier to use
 - pre-connected pads
 - CPR Coaching
 - voice prompts paced to the responder's action
 - an Infant/Child key that automatically reduces the delivered therapy to a level appropriate for a patient under 8 years old or less than 55 lbs (25 kg)
- More robust (500 lbs crush, IP55 rated enclosure)
- Quicker in shock delivery, typically within 8 seconds from the end of the patient care pause, compared to 10 seconds for FR2+.

Philips continues to shape the future of AED technology. We appreciate the loyalty of our customers and remain committed to providing products of the highest quality.

If you have questions, please contact your sales representative. In the U.S., the Philips Customer Service Team is also available to assist you at 1-800-263-3342.
