Federal Surplus

Property is available to public agencies and non-profit health and educational institutions that meet certain criteria. Property must be placed into use within a year and continued in use for a year or 18 months for automobiles and items with an original government acquisition cost of \$5,000 or more. The Richmond warehouse will hold property not invoiced for three (3) days.

For eligibility information, call (804) 236-3665. For information concerning property availability, contact the appropriate distribution center shown on back.

State Surplus

State surplus property is available for transfer/sale to state agencies, institutions and political subdivisions. The purchaser of state surplus property takes unrestricted title. However, property transferred/sold is intended for reutilization and not for resale until it has served its useful life. For further information, call (804) 236-3666.
